Happenings at Headquarters

September 28, 2004

We send you greetings in the name of Jesus. Another month has come and gone very quickly. We mailed the Advocate on Monday, so you should be receiving it soon. The website has been updated with the current Advocate. We have found that the numbers for people visiting the site have been steadily increasing.

The hurricane, Ivan, that recently came through had devastating effects on the Island of Grenada. The eye went directly over them as a category 4 and did extensive damage to the properties on the island. Many of our members there had a lot of damage on their homes. Some were totally wiped out while others lost roofs. We have three churches on the island and there was damage to them as well. Tim Buechner is travelling there with medicines and some money. He will bring back an assessment of their needs. We know that they will need more money. If you wish to donate to the cause, please send it to the Publishing House, and we will see that it is sent to them. The hurricane also had a heavy impact on Jamaica. We have not yet heard of the church's plight there. Please pray for all of them.

We have been very busy. We are in the process of working ahead on the Advocates in the computers. Satan is very busy also and always tries to disrupt things, but we must continue our focus on the Lord and rely on His help.

Thank you for your continued support and your dedication to the Lord.

Yours in Jesus's name.
Delwin DeLong

Secretary of the Twelve
